Etwinning project

TITLE: BE MY FRIEND. DON'T BE AFRAID, I LOVE YOU

The project is for 11-12 years old students. It lasts 4 months from January to April 2018. The goal of this project is to improve not only the students' four skills and TIC, but also their positive feelings towards foreign students, to encourage the inclusion of students from other countries and to better their relationship competence working in international environment. The project wants to stimulate the creativity of students through their own videos and drawings of the main monuments of the territory exchanging their experience and knowledge with foreign students.

E-twin... a  
together

place to grow

E-twinning project offers an innovative and creative didactic-teaching that allows students to learn while having fun.

The project aims are to improve students' language skills, to promote cultural exchanges, to develop the values of inclusion, cooperation, friendship. It combines the use of a foreign language and artistic skills in order to share cultural experiences and the artistic beauties of their territory.

The project is designed for 11-12 years old students; the period of work is from January to April 2018.
